Education

VIT Bhopal University

Master of Computer Application, GPA: 8.74

Bhopal, India

August 2023 – June 2025

BIT Mesra, Jaipur Extn.

Bachelor of Computer Application, GPA: 8.62

Jaipur, India

August 2020 – May 2023

SVB Senior Secondary School

Senior Secondary/12th, Percentage: 74.60%

Jaipur, India

July 2019 – June 2020

Technical Skills

- Languages – C, Java, Python, SQL, HTML, CSS, JavaScript
- Frameworks/Libraries – Flask, Pandas, NumPy, Matplotlib, scikit-learn
- Platforms – Jupyter Notebook, Visual Studio Code, IntelliJ Idea

Academic Projects

Reddit Sentiment Analysis Using NLP

November 2024 – December 2024

- Designed a sentiment analysis system to evaluate user opinions on Reddit posts and comments.
- Leveraged Natural Language Processing (NLP) techniques to preprocess and analyse textual data.
- Implemented using Python with libraries like NLTK and spaCy for sentiment classification.
- Provided insights by visualizing sentiment trends with matplotlib and seaborn for better interpretability.

AutoML Platform

August 2024

- Created an AutoML platform using Flask for automated machine learning workflows.
- Enabled data upload, preprocessing, and model training to identify the best-performing model.
- Integrated a download feature for the trained model as a pickled file.

Stock Trend Prediction using LSTM Model

June 2024

- Developed a stock trend prediction system leveraging LSTM (Long Short-Term Memory) models to analyse historical stock data. The system predicts future stock trends based on past performance.
- Implemented with Streamlit, allowing users to input a stock ticker and visualize predictions.
- Used matplotlib library to display stock trends along with 100 days and 200 days moving averages for comprehensive analysis.

Certifications

SQL Certification

HackerRank

- Completed HackerRank's SQL certification, demonstrating proficiency in SQL queries, database management, and data manipulation techniques.

Data Visualization: Empowering Business with Effective Insights

Tata Forage

- Completed Tata Forage's Data Visualization course, acquiring skills in visualizing data to provide actionable insights, empowering business decision-making processes.

Software Engineer Intern Certificate from HackerRank

- Completed a certificate focused on software engineering skills, validated through practical exercises and assessments on HackerRank.
